

# PETITION for VEGAN MENU OPTIONS

*Petition Summary & Background:*

.... A Matter of Great Importance and Concern....

Our current campus menu does not adequately serve the entire campus community with Vegan meal options.

**All students, faculty & staff can benefit from the addition of nutritious Vegan Menu Options.**

Vegan meals promote good health and are environmentally conscious, animal friendly alternatives.

Vegan meal options are desired, needed and can be easily implemented into our existing campus menu.

*Action Petitioned For:*

We, the undersigned, hereby affirm our agreement with and give our support to making available **vegan menu options in our cafeteria / dining hall**. We, the undersigned, are concerned students who hereby petition and urge our leaders to act on our behalf to insure that **vegan menu options are made available** to all students, faculty and staff at every meal served on our campus.
